Lakeside : Pat Zailckas, Attorney representing the group bringing suit against the developer, which also includes an appeal against a zone change, gave a very extensive and detailed summary as to what's been taking place all these weeks. NOTE:: Since my notes have become rather sketchy at this point because Pat covered a much "territory" in his presentation, I;m taking the liberty of asking President Tom Harman to take a few minutes now to summarize what Pat covered in his presentation: to wit, ownership of the property at Lakeside because of an impending divorce; various briefs filed; Dennis Buckley (well known attorney who is very conversant in matters such as this) has been asked to fill in for Pat; motions for appeals; should proceedings reach the point of a possible trial, Pat mentioned an additional cost of perhaps \$3,500. etc. etc.

PLUS: there was a short discussion with regard to making an additional contribution of the Neighborhood Assn. to the Initial contribution of \$300. Therefore, I would ask the indulgence of Tom to give a summation of Pat's report, so that we, as a group, can come to a decision as to our future involvement in this case. Though there was a short discussion after Pat's presentation. our president made a motion we "shelve" further discussion until our next meeting on Tuesday, June 14th.

Kathy McNamara: is keeping her eye out as to the possibility of acquiring funds for the Park Rd. property.

Earth Day: Bonnie gave us an update as to the date, time, and place, for the volunteers to begin cleaning up the city

Safety Greg said the monitor is installed to gauge the traffic on Park Rd.

Adopt-a-Spot : Bonnie said there was some discussion as to who is responsible for mowing the grass in these areas.

Meeting adjourned 8:15<sup>PM</sup>

Respectfully submitted
